# Resource Acquisition Staff Induction

Following the Resource Acquisition Strategies you developed, **Quality Hospitality Adelaide** has recently posted a job advertisement to recruit a new Bartender. The candidate pool gathered a diverse mix of very good applicants from different backgrounds, so management decided to hire two (2) new staff members instead of just one. In line with this, these new bartenders must be formally inducted into the organisation.

To complete this task, you need to set up one (1) role playing scenario with two (2) volunteers who will act as the new bartenders.

Use the Resource Acquisition Staff Induction Character Brief to assist you and your volunteers in completing the roleplay activity for this task.

- Make sure to document the session in video recording.
- Submit this video recording to your Assessor.
